

# Prototyping an internet connected smart home device with Azure IoT hub

Jim Bennett

Senior Cloud Advocate, Microsoft

@jimbobbennett

# Who has a cloud connected device?

@jimbobbennett

aka.ms/lotFan

Where do you  
start  
prototyping  
one?

# Cloud-connected fan

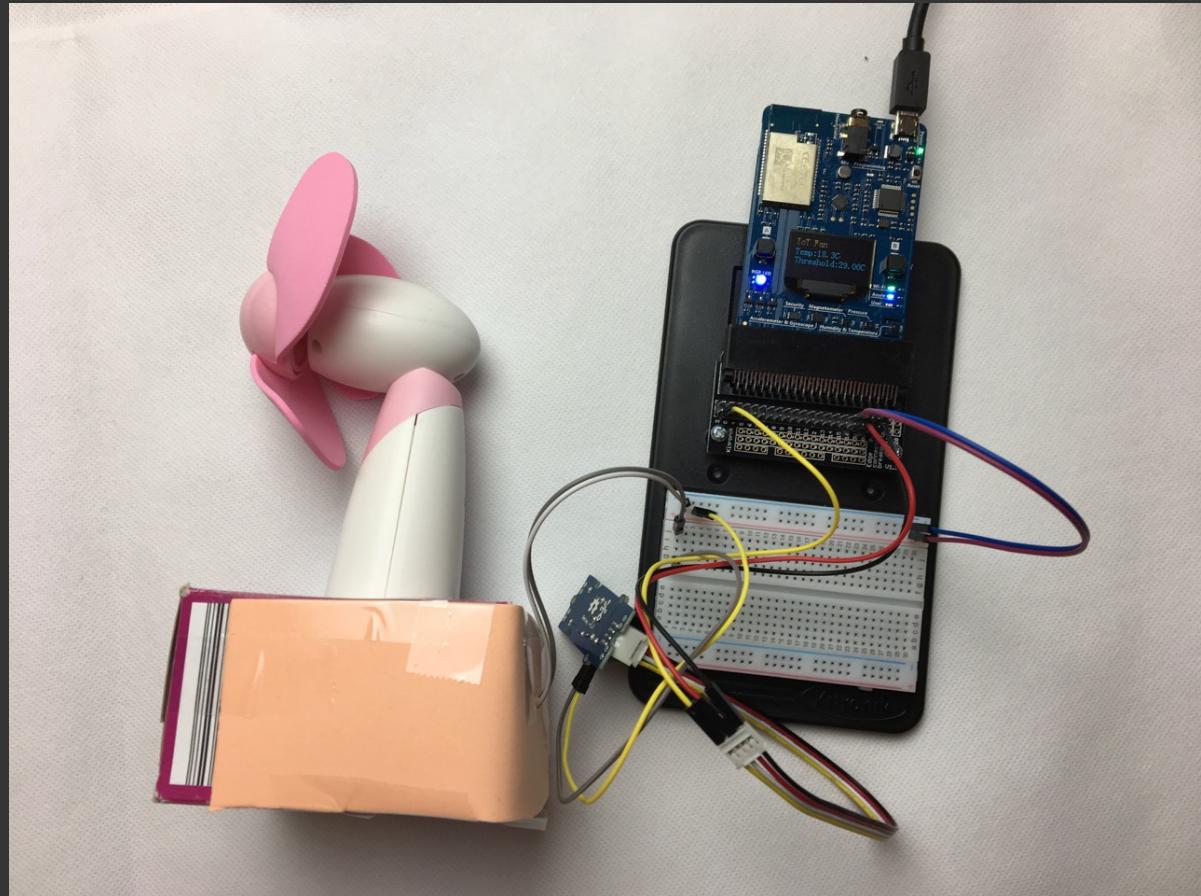

@jimbobbennett

aka.ms/lotFan

# What do I need?

@jimbobbennett

aka.ms/lotFan

# Hardware

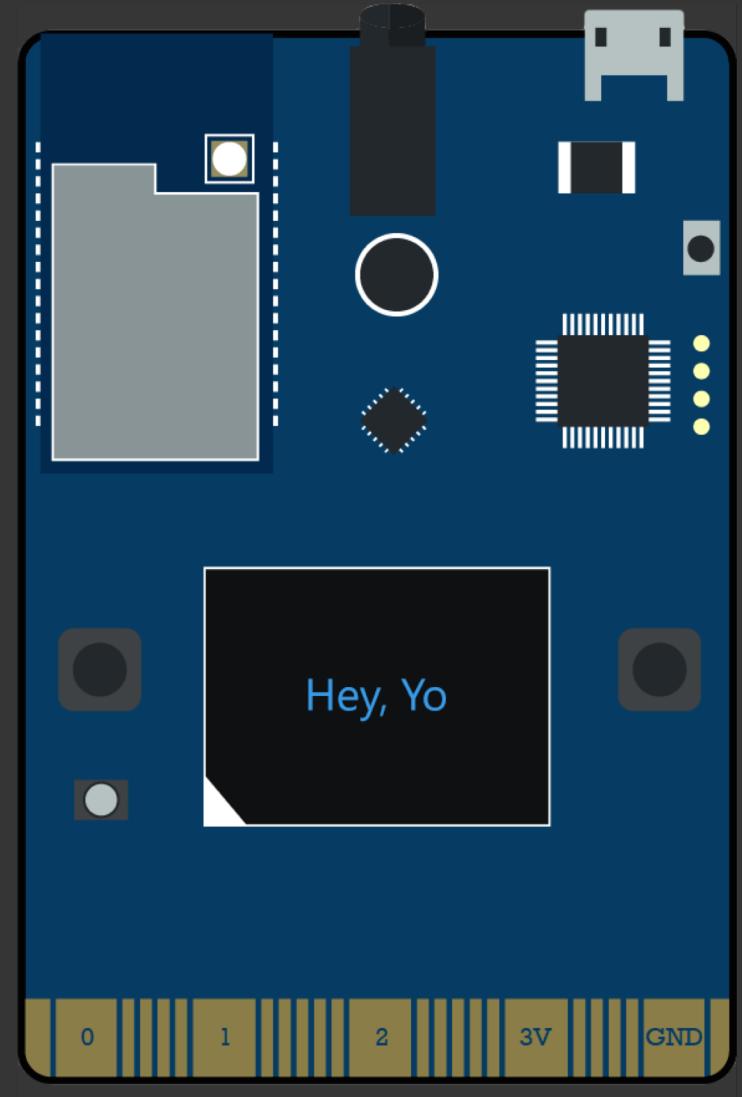

@jimbobbennett

aka.ms/lotFan

# MXChip Azure IoT DevKit

@jimbobbennett

aka.ms/lotFan

# Device software

@jimbobbennett

aka.ms/lotFan

# Demo

@jimbobbennett

aka.ms/lotFan

# Azure IoT Hub

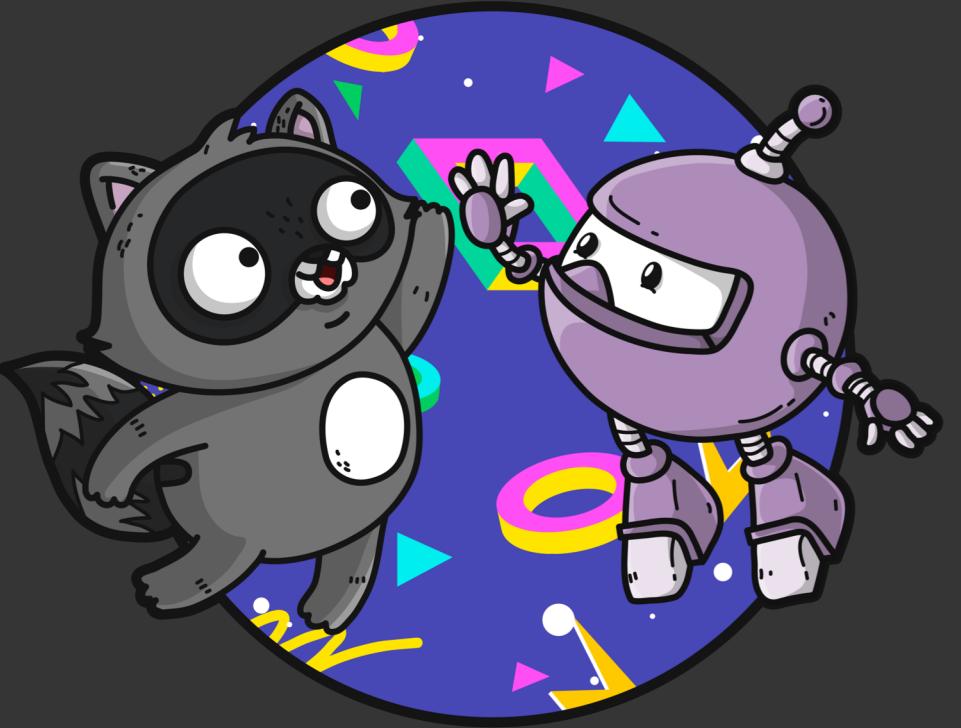

@jimbobbennett

aka.ms/lotFan

# Azure Functions binding

@jimbobbennett

aka.ms/lotFan

# Device twin

@jimbobbennett
